"Gurney"

It is the only make that can boast of the REMOVABLE ICE COMPARTMENT.

Have you ever thought that this claim is the secret and success of constructing a cleanable, pure and germ-proof refrigerator? For years it was conceded that the non-removable ice compartment was an ideal culture farm for germs. Now no fear need be entertained for this great menace to health.

None, other than the GURNEY, has the REMOVABLE ICE COMPARTMENT.

Eyes Examined

There is no calling where accuracy and skill are more in demand than that of the optician. One familiar with the construction of the eye knows that there are many eye-defects which can not be accurately estimated or corrected by the use of test letters and cards alone.

For this reason we use, in our eye examinations, the several different methods that long experience has taught us bring best results.
